THE BOOK OF
DANIEL

Daniel: Decoder of God's Plan for
the Ages and his own life

Dan 1:1-3

The Challenge

- Not in the prophetic section of the Hebrew OT
- Aramaic language was western
- Focused attention on the Maccabean period (165BC)
- Historical inaccuracies of Babylonian period

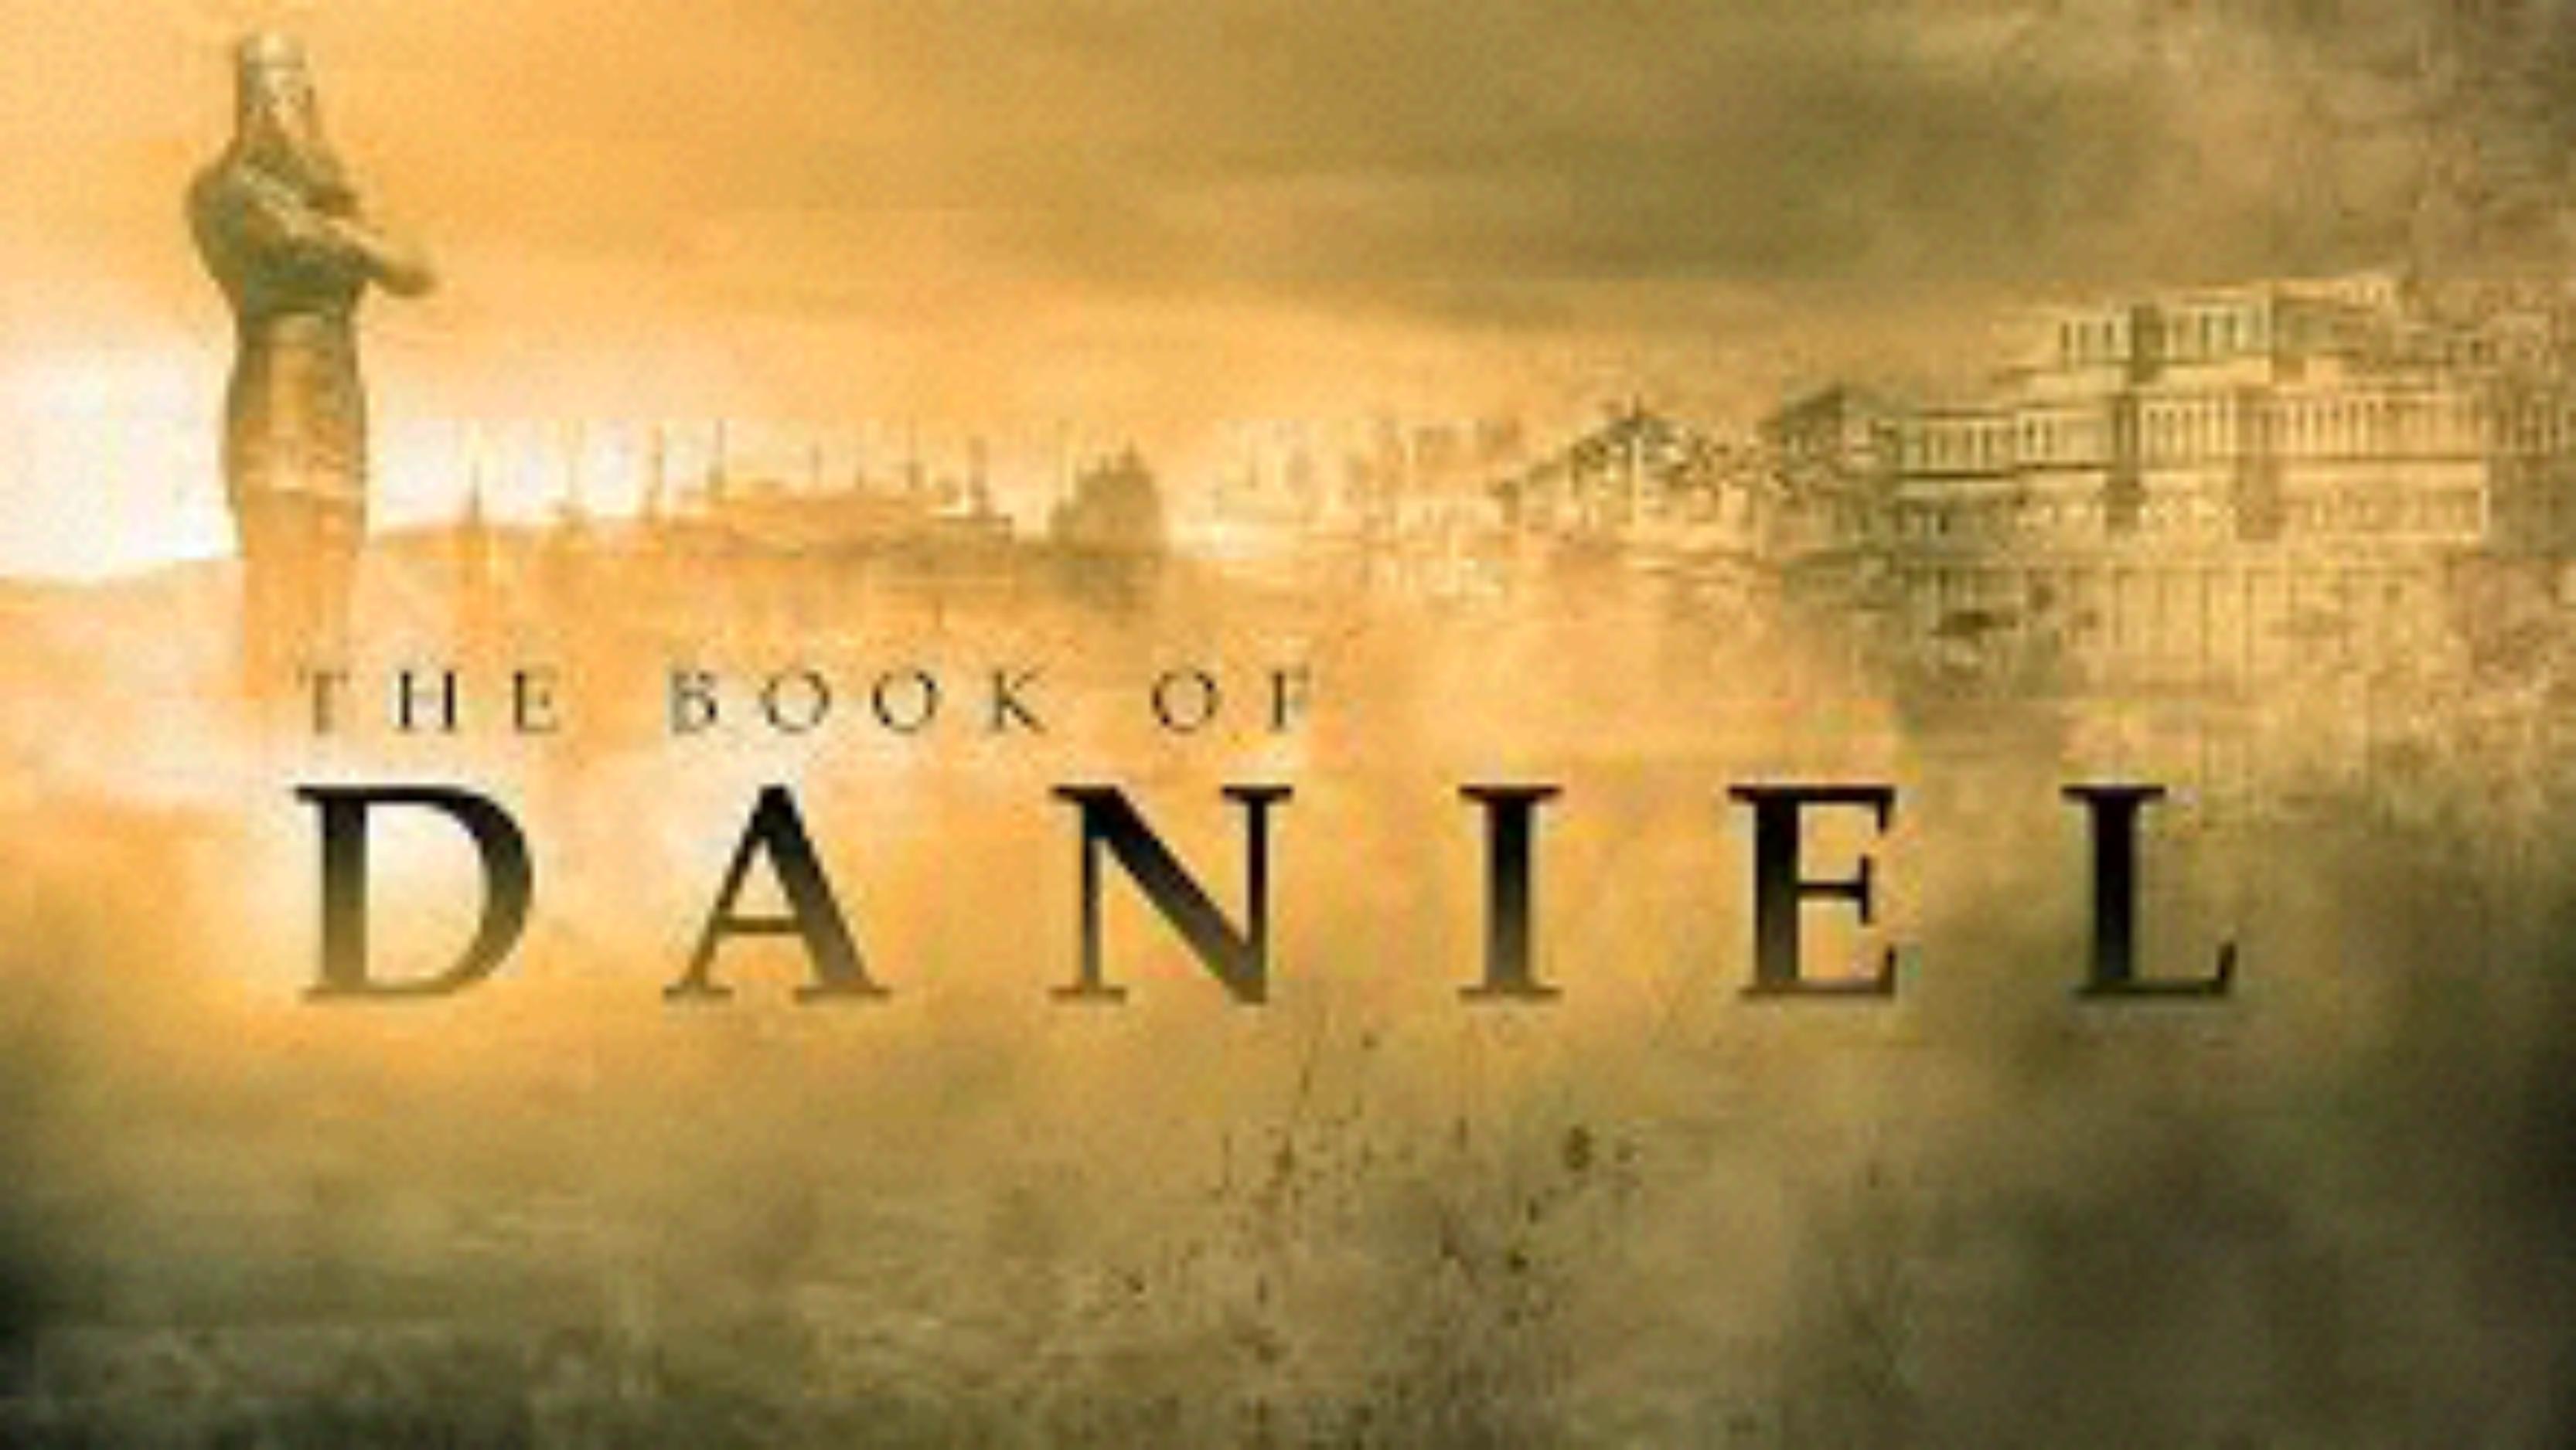

Stunning Prophecies

- Rise of the Major Kingdoms: Babylon, Medo-Persian, Greek, Roman Empires
- Pinpoints the very day of the Messiah's entrance into Jerusalem

Prophetic and Moral Balance of Daniel

- In a politically toxic environment
- In a prophecy off-track Christian environment
- The Theme: Dan 4:17 ...in order that the living may know that the Most High is ruler over the realm of mankind....
